TRAVEL AGENT ADVISORY BAGGAGE CHANGES

Dear Valued Travel Partner,

Please be advised that Caribbean Airlines will introduce revised checked baggage fees effective for **tickets purchased from 8 July 2026, for travel commencing from 9 July 2026.**

While travel agencies do not currently sell prepaid baggage directly, we kindly ask that you note the following:

- First and second checked bag fees have increased by USD \$5.
- Customers can save money by purchasing their baggage more than 24 hours before departure. Baggage purchased within 24 hours of departure incurs an additional USD \$5.
- Peak baggage fees will apply during designated peak travel periods only.
- Third, fourth and additional baggage fees remain unchanged.
- Transatlantic codeshare baggage fees remain unchanged.

Customers who purchased their tickets before 8 July 2026 will retain the baggage fees that applied when their ticket was issued.

Please note that if a customer's ticket is voluntarily reissued after the effective date, the updated baggage fees will apply as the reissued ticket constitutes a new contract of carriage.

We appreciate your assistance in ensuring customers are aware of these changes and encourage them to purchase their baggage in advance to benefit from the lower rates.

Please refer to our website for additional information.

Thank you for your continued support of Caribbean Airlines.

Lisa Morales
